

SAVE DIX PARK

NORTH CAROLINA

A TIMELESS PLACE
of Reflection & Renewal

THE TIME IS NOW! Let=s work together and protect the last **306 ACRES** (of the original 2000 acres) of the Dorothea Dix property as **DIX PARK**. We have **ONE** chance to preserve this very special land for North Carolina=s future generations. By 2030, the Triangle is projected to have 2.4 million residents and North Carolina, 12 million.

ONCE IT'S GONE.....IT'S GONE FOREVER

Great cities have great downtown parks. North Carolina has a rare opportunity to designate **DIX PARK** as a **CENTRAL PARK** for North Carolina, **A DESTINATION FOR VISITORS TO OUR STATE**. Concerned citizens are saving parks across the South and the entire country. **DIX PARK** will have a positive economic impact, improve health, reduce pollution and increase the quality of life for all!
